Dear Dave —

Just a note to acknowledge your letter of 25 October, and to forward a tid-bit of mine on Posner.

Glad if anything I have done/provided has helped you in your endeavors. You certainly deserve a lot of credit for all you're doing!

Glad, also, to hear that Mr. Weisberg is "rejuvenated." He must be quite a fellow at his age.

Look forward to seeing more of your work in print

All the best,
Cliff Marks

P.S In the picture of LHO — there's the bull neck brother Robert remembered from his earlier days, and is never apparent again as clearly except in un-retouched back yard photos — of who??
